Elissa

You just sent me the talking points that you came up with for Spanish labeling. I think we are ok, right? Emails are crossing each other.

Hi Linda, did I miss an email on talking points for Spanish labeling? Sorry if I missed that one. Can you resend?

Hi Elissa,

I would not mention the Spanish labeling pilot based on Mike Goodis email about EJ projects. From his email.

First, regarding the Spanish label project, as mentioned during our meeting, this initiative is under consideration in the reauthorization of PRIA 5 and if passes, it will be driven by how it is set up under the statute. Although there is a Spanish label pilot currently being stood up by PRD, I suggest we table this effort for now to see how PRIA 5 plays out. Attached for awareness are a description of the Spanish label pilot project and the accompanying Spanish translation guide.

I'm working on your talking points.

That's it. Also I mentioned ANPRM for treated seed since it might be hot topic too.

No I wont mention PRIA 5, but rather we have heard there are some registrants interested in submitting Spanish labeling and that we would work with them on that. Not much beyond that really. They have the option of using the Spanish translation guide and doing it themselves. Anything else?

Hi Elissa,

So not sure if we want to talk about the Spanish Pilot because I'm not sure we have the registrants that are supposed to run the pilot. I don't think we can talk about PRIA 5 if passed would the pilot need to still happen. So if you want to mention the pilot, say that we are looking for state and registrants to help lead the effort.

I think we can talk about the petition response and the ANPRM and the 3(a) rule. We can use the talking points and Sen Booker's response letter. Let know if that works.

FYI on my presentation next week Tuesday (3:30-4:15pm) at the National Pesticide Managers Meeting. I will go from SFIREG (Crystal City) to this meeting at the Ruckelshaus conference center.

I don't need slides but I will need some updates based on the following topics:

Reg Rev Update (statistics from the deadline we compiled, path forward for IDs, priorities for FY23, etc)

ESA Update: use same summary/overview that Melanie/Tracy will give at SFIREG in the morning? Links to ESA workplan update, appendix, webinar recording, methomyl PID, rodenticides PIDs, carbaryl PID.

Spanish labeling pilot: just to make them aware and what discussions we have had so far, Linda anything else here?

C&T Update: Matt I thought it would be good to give a certification plan approval update? Anything else you want me to make them aware of?

Anything else I should let the pesticides managers know?

Elissa agree to cover this session for me - thanks Elissa!

Please note that she will not be giving an update on OPP but will focus mainly on reg review, including some updates on ESA workplan, recent/upcoming reg review decision, Spanish labels, others.

I will forward the meeting invite to her.

Michael L. Goodis, P.E.
Deputy Director for Programs
Office of Pesticide Programs (OPP)
Office of Chemical Safety and Pollution Prevention (OCSPP)
US Environmental Protection Agency

Subject: SPEAKER ROLE: OCSPP/OPP Hot Topics @ NPMM

When: Tuesday, December 6, 2022 3:30 PM-4:15 PM (UTC-05:00) Eastern Time (US & Canada).

Where: MS Teams, Ruckelshaus Conference Center, Colorado Room

Hi Mike – Thanks so much for making yourself available to give an OCSPP/OPP update during the National Pesticide Managers Meeting. We will be meeting in person but will also have a virtual component available, please feel free to attend whichever way is most convenient for you. The MS Teams link is below. The draft agenda is attached, I will update this hold with the final agenda when it's available.

-Linsey
